

Mare - Cassini's Girl

CASSINI II / LADALCO / JOOST / ABGAR

Mare - 16.2hh, Grey, DOB 2001

Breeder: Germany - Imported mare

Sold 2009

An imported grey Holsteiner mare 16.2 hh. DOB 2001. This mare has everything, spectacular bloodlines (by Cassini II), a scopey, careful jump with wonderful technique. Also an exceptional temperament that would suit any level of rider. She is also a proven breeder, having been imported in foal. Totally sound and vice free. Recent performances include being placed at Sydney Royal in Section 3, and in the NSWJSC Futurity at SIEC. Cassini's Girl was imported by the stud in 2005 in foal to Caretino. She produced a gorgeous colt in December of that year that is to be retained by the stud as a standing stallion for 2008.

CASSINI'S GIRL

SIRE PEDIGREE AND BACKGROUND

Cassini's Girl's sire Cassini II, the younger full brother of Cassini I, was approved in Holstein in 1996 with a high jumping index. Unfortunately he was injured when young and did not compete in sport although is now sought after as a sire due to his quality and talented offspring. At his Licensing he achieved high scores for his jumping as well as for his character and temperament. Cassini I & II are sons of the great Capitol I. Capitol I was on the top of the WBFSH (World Breeding Federation for Sport Horses) rankings lists 2000-2001. There are over 25 approved stallions by Capitol in Holstein, for example Dobel's Cento, Carthago Z, Carolus I & II, Calato, Cardento, C-Indoctro, Carano and Clearway as well as the Cassini brothers. Worldwide there are many more approved sons and in Germany alone there are 564 registered sport horses which have won in excess of €5.3 million in prizemoney. Capitol I was a valuable foundation sire in the Holstein stud book.

Cassini II's dam Wisma is by Caletto II who was awarded Champion of his year when he was licensed in Holstein. Caletto II, one of the best sons of Cor de la Bryere has been a significant influence in jumping breeding even though he only stood for 4 years. He is the sire of Classic Touch who took Luger Beerbaum to win gold at the Barcelona Olympics. Wisma also produced the young Holsteiner Verband stallion Clarimo (by Clearway) along with a full sister to Cassini I & II who has produced the licensed stallion Lovari (by Lasino). Another daughter of Wisma, Mira (by Lansing) is the dam of the licensed stallion Cassaro.

Cassini II's progeny are modern in type and show great jumping potential. Many of his offspring qualified for the German Championships (Bundeschampionat) in Warendorf in 2005 & 2006. In 2005 one of his numerous licensed sons Camargue was sold for €230,000 to Denmark. In 2007 eight of his sons made the final selection for the stallion licensing and three were licensed. Cassini II produced the best jumping horse of the Elite Riding Horse auction in Neumunster in 2004, Caress, a mare which sold for €105,000 to a well known sport stable in Germany. Caress under the name of Ophelia, along with Cassius and Centurion are top jumping horses and are amongst many who are proving his worth as a sire of jumping horses.
