

Reference Sires - Calando I

Calando I is one of the most important sires of the Holsteiner breed. Calando I is by Cor de la Bryere and out of a Colombo mare Furgund.

Calando I was champion German show jumper with Karsten Huck in 1984 and thereafter competed in international show jumping for a few more years with Edgar-Henri Cupper for Belgium and Luxemburg. The dam Ozol is the full-sister of the sire Libero (private stallion Bavaria, Hestia), who was a highly successful show jumper. She was furthermore the dam of Freestyle, a Landgraf I daughter, who was named Lalique 2 in Germany and was a successful competition horse with Peter Luther. She won the Aix la Chapelle Grand Prix with Jean Claude Vangeenberghe. The damsire Lord, who was an approvals champion, made breeding history far beyond the confines of Holstein and Germany. Countless show jumping stars such as Livius II / P. Luther, Lyra 20 / H. Luther, Lord Incipit / T. Luther, Loyal 9 / P. Nagel-Tornau, Lugana / St. Lauber and many more are living proof of his prowess as a sire.

The granddam state premium mare Kornblume was mated with Ronald to produce the mare Sonnenblume, who in turn gave birth to the two approved stallions Landron B (by Landgraf I; private stallion Bavaria / Italy) and Lordron (by Lord; private stallion Bavaria).

The Anglo-Norman Cor de la Bryere who follows in the third generation is one of the most important foundation sires of the post World War II period. He provided sports horses for all disciplines. Anblick xx was the first thoroughbred in Holstein following the Second World War and managed to establish himself firmly in Holstein via 14 approved sons and 50 partially very significant broodmares. His best progeny by far, were the dressage mares Venetia 2 and Antoinette at the Neckermann stables. His progeny were not infrequently however also to be found in the forefront in three-day-eventing and show jumping. Performance bloodline 456 moreover also produced the sires Texas, Marengo, Mahmud, Metellus, Rigoletto, Ulan as well as Cabinett I and II.

Calando I sired Perra, dam of Carthago Z and thus is found in the pedigrees of Cotopaxi and his colt Cantamos.
